Hello,

The US EPA has provided the following information resource:

EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife. Please see our website for the latest information: <http://www2.epa.gov/goldkingmine>  
Regular updates will be posted as they are available.  
EPA Hotline: 844-607-9700 (toll-free)

you are not saying anything about what you are exactly doing.  
what are your tentative and present plans for correcting the spill and what  
is the EPA going to do to bring the stream back to life since you have KILLED  
it, You should not just study but be doing something right NOW.
